Languages: English (proficient), German (conversational),
French (elementary), Dari/Farsi (mother
tongue)

IT skills: Elementary: Image Processing, ML
Engineering, Cryptographic Systems
Intermediate: HTML, CSS, JavaScript, SQL, Python

SUMMARY

I am a former IT engineering student with a strong enthusiasm for technology, determined to be on the frontier. I am looking for a chance to prove my ability to acquire new skills in the most competitive time frame. I enjoy working with different people on cutting edge technologies and using logical and creative thinking.

WORK EXPERIENCE

04/2016 – 08/2017 Freelance Translator/Writer (English/Farsi), Several Companies, Tehran (Iran)

- Researched new technologies and wrote more than 100 articles for various platforms.
- Translated more than 200 news articles about new technologies and their features for an average of 1000 readers.

EDUCATION

09/2020 – 12/2020 Powercoders – Coding Academy for Refugees, Zurich (Switzerland)

- Foundations in HTML, CSS, JavaScript; specialization tracks upcoming.
- Weekly business & social skills training (team work, communication, etc.).

01/2016 – 12/2017 IT Engineering, KIAU University, Karaj (Iran)

- Completed modules in algorithms and data structures, logical circuits, etc.
- Completed a team project in object oriented programming (game design)

EXTRACURRICULAR ACTIVITIES

01/2019 – 05/2019 Volunteer/Translator, EuroRelief, Lesbos (Greece)

- Helped more than 50 newly arrived refugees per day to temporarily settle in and supported them in the harsh environment.

LICENSES AND CERTIFICATIONS

08/2020 _ 09/2020 Neural Networks and Deep Learning, (Coursera)

- Credential ID: [PZ4NA65DPP46](#)

HOBBIES

Reading (linguistics, physics), solving puzzles, learning new languages, jogging
